DESIGN TEAM
ready to help

our simple order process

1

Send us your info!
(Design ideas, logo, name)

2

We'll send you a
proof for approval.

3

Approve your proof.

4

Print and delivery/collection
of your order.

JJR Print Ltd offer cost effective full colour print and design for you and your business. Over 70 years of printing experience combined with continual investment in new technology means we can put our wealth of knowledge and creative ability at your disposal. We aim to guide you to the products that are right for you. Helping you create the perfect look and get your message out there and noticed.

With a 3500 sq.ft. factory and design studio our dedicated team can deliver big or small - from 20 personally designed invitations to 100,000 leaflets - we really do cover all your printing and design needs. Supplying customers of all sizes across the UK.

Our versatility enables us to take your ideas and requirements and provide you with a professionally finished job at a competitive price. Taking care of all kinds of printed materials that you might need.

This booklet is easy to follow and our prices will rival anything you will find on the internet or from local print suppliers.

If you have any questions about our services please do not hesitate to contact us and one of our staff will be happy to help.

 ✉ info@jjrprint.co.uk

Placing Your Order

Ready to place your order?

Once we have received your initial enquiry we will send you a quotation for the job, once the quote is approved we will commence design of a proof for your work. After you have approved your proof we will provide you with details of how to make payment. Please note that we will only proceed with printing from non-account customers once payment has been received.

Sending Print Ready Files?

Sending print ready artwork - please use one of these methods to get it to us.

By Email

Files should be sent to digital@jjrprint.co.uk. Please ensure that the total file size attached does not exceed 30MB. Files over this size may not be received or clog up your outbox and our inbox. If your files are over 30MB, please send files over two or more emails or by File Transfer (details below). Please ensure your full contact details are included within the email.

By File Transfer

Larger files (up to 2GB) can be sent via www.wetransfer.com, a free file transfer website.

Simply:

- Go to the website www.wetransfer.com
- Put your email address in the 'From' box
- Enter digital@jjrprint.co.uk in the 'To' box
- Click 'Add File' and attach your files
- Add a short message detailing your job description
- Hit 'Transfer'

Your file will be uploaded and an email will be sent to you and to JJR which will include a link to download the file. Please email digital@jjrprint.co.uk and state that you are sending the files via WETRANSFER. Include full contact details within the email.

By Post or In-person

Files should be sent or dropped off on a USB stick to:

JJR Print Ltd
3 Poplar Road
Broadmeadow Industrial Estate
Dumbarton G82 2RD

Hard Copy & Mock-ups

For all artwork supplied that requires a particular imposition or folding, it is helpful if you send a hard copy or electronic mock up along with the print files of exactly how your job should look. This allows us to see the correct page order, backup, folds and helps to spot any potential problems before we prepare your proof or go to print.

What happens next?

Once your job proof has been approved your job will be processed for print. Usually at this stage non-account customers are required to make payment.

If you supplied print-ready files they will be checked for size, bleed, layout and print quality and if there are any issues, we will inform you and ask you to send corrected files. We may be able to correct small problems in the studio, but this may be subject to an amendment charge - you will be notified of this before we proceed.

Your job is then printed and finished according to our agreed specification. Once ready you will be notified of delivery or for collection.

	Two colour		Waterproof paper
	Mono / one colour		Numbered pages
	No print		Perforated pages

How does it work?

Artwork & Design

Our design team are all trained professionals and can help any client. Our knowledge and creative ability will aid us in creating your concept, brand or simple design. Getting you noticed and delivering results from your printed material. If you choose for us to help with your artwork there will be a design fee, unless listed as included in the cost.

However, if you prefer to design your own artwork, we are more than happy to accept this. Please make sure your artwork complies with our commercial print specifications. These are listed at the back of this booklet. **Non-compatible files supplied by customers may be subject to extra charges**, if you can not correct these files yourself we can usually reconstruct your job to look the same as you have supplied using our industry-standard programmes. Before we commence design you will be informed of an approximate cost once we have assessed the necessary time involved.

Lead Times

We aim to get your job to you as quickly as possible. The design stage, because of the creative process, usually takes the most time. Our staff will endeavour to confirm a date that your print will be ready - once we have final approval of your artwork. This would usually be within seven working days - depending upon the size of the job (printing 100 business cards is not the same as printing a 32 page booklet).

Collection or Delivery

We are happy to deliver your goods to you for free if you are within our local area. Delivery date is dependent upon our delivery vehicle being available. Delivery to places further afield are at our discretion and may incur a delivery charge. We are also happy to arrange courier delivery to customers and will inform customers of any extra cost before delivery. Or if you wish you can collect your goods from our office.

Proofing / Approval

We will not print your job until you are happy to proceed. You will receive a proof of artwork to check for any errors or amendments. It is vitally important that you check any proofs fully and carefully. (Please note that the digital proofs supplied may not be colour accurate and there may be slight variations between this and the final printed job, particularly if the job is printed litho or is large format). Any errors missed are your responsibility. **You will be charged for any reprint.** Make sure everything is correct before giving approval.

Payment / V.A.T.

Most items shown in this booklet exclude V.A.T. at the current rate. Some items, such as leaflets are Zero rated. Current account customers will have 21 days from the date of invoice to pay. Non-account customers are required to pay for goods usually before we commence printing. All goods will remain the property of JJR Print Ltd until payment has been made in full.

Complaint

If you do have a complaint about your printed materials please call us and we will endeavour to rectify any justifiable issues. Complaints must be made within 24 hours of receiving goods.

Pavement Signage & Wall Frames

Each A-Frame comes with 2 x A1 posters designed to your specification and printed on 190gsm satin paper. A flexible PVC poster protector for each side of the board is included. Easy snap frame mechanism makes changing posters nice and easy.

Only £146

Prices do not include V.A.T.

A-Frame Special!

This excellent advertising tool is a must have point of sale accessory for any business looking to promote their product, service or event and increase their footfall.

Increase sales and brand awareness using A-frames, which offer a fantastic and simple way of standing out to both pedestrians and motorists passing by. If you are located back from the street, have a fantastic offer on, or are a new business and want to let people know about it - pavement signs are a great way to do this.

This double sided sandwich board is ideal for use in a range of businesses, including hotels, retail, restaurants, cafés, events, estate agents and many more.

Wall Frames

Our Snap Frames come with a FREE anti-glare PVC cover and are a great way of displaying graphics in a variety of business types from retail and leisure through to hospitality.

Poster Clip Frames make it extra easy to replace graphics and keep them looking brand new all year round, thanks to the layer of protection offered by the UV anti-glare PVC cover. This versatile silver poster frame can be used portrait or landscape to create your perfect display.

The aluminium frame is 25mm wide and comes with screws and fixings, and a fully designed full colour poster printed on 190gsm satin paper.

Dibond

Aluminium Composite Material (ACM), commonly known as Dibond. 3mm composite of two thin aluminium sheets with a polyethylene core. Max. board size: 2400mm x 1200mm. Fully recyclable. Square cut as standard. Can be cut to a shape (additional charges apply). Can be laminated with either standard or anti-graffiti laminate (additional charges apply). Although the maximum board size is 2400mm x 1200mm (just under 8ft x 4ft), multiple boards can be printed and easily placed side-by-side to increase the image area. This rigid signage is suitable for both indoor and outdoor use. We do not produce this item in-house - for up to date costs please enquire with one of our team.

These items are available with double-sided print - ask for a quote.
If you have a specific size please let us know, these boards can be cut to any size.

Roller Banners

Bespoke full colour graphic printed onto a light-stop banner material, this media is also anti-curl and anti-glare. All our roller banners are robust, compact with an ergonomic design. They come complete with snap-clip top rail, and include a carry bag. Our standard roller banners are 800mm wide. Roller banners are also available in 850mm, 1 metre, 1.5 metre and 2 metre widths.

Raffle Tickets

Whether you are hosting a fundraising event, throwing a raffle or raising money with a 50/50 draw, our raffle ticket books will help you raise money for every occasion. We have a selection of raffle ticket templates in-store or give us your details and we'll start designing. Most importantly if you plan to sell tickets to the public in advance of the draw you will need a licence from your local council authority. Our tickets are printed on 100gsm paper, perforated and stapled in books of 5 tickets. Tickets are 210mm x 74mm, books have 2 perforations and each ticket is numbered.

Books	100	200	300	400	500	600	700	800	900	1000

Selfie Boards

Great for any event - birthdays, christenings, weddings, school socials. Get your family and friends to take their snaps holding your selfie board and post them all over your socials. A1 size is standard, but we can size these up to A0 or smaller if necessary - just let us know what size you're looking for. Printed on to self-adhesive vinyl, laminated, then applied to a 3mm foamex board and cut to size.

£35
A1 SIZE each

Price does not include V.A.T. Basic design included.

Giant Cheques

Our giant charity cheques are custom-printed, ideal for use at award ceremonies, presentations, donations and prize-givings. Celebrate your philanthropic efforts and promote your favourite cause, with a novelty presentation cheque.

Our cheques are full colour on self adhesive vinyl and applied to 3mm foamex board. You can have the option of laminate finish - which will allow you to use a dry-wipe marker to make the cheque reusable.

£40 each
1 metre x 420mm

Price does not include V.A.T.
Basic design is included.

Social Media and Advert Design

Don't need print but need a professional design for your social media posts or magazine advert? Here at JJR Print we can help you with your design needs. We will take your brief and help you to create the perfect post or advert. Costs start at £30 + VAT per design. If you have multiple posts we can group them together and discount your design costs. Call us to discuss.

Button Badges

Button badges are a great, fun way to communicate information. They may be small but they definitely deliver a mighty visual message. Brilliant for use in schools, clubs, sports teams and organisations, stag-do's, hen parties, music bands and much more.

Completely personalised with your choice of colour, wording etc. Available in size 38mm. Covered with a scratch resistant, waterproof film as standard. Minimum Order Quantity: 25 Badges

Self Adhesive Labels (stickers!)

Stickers

We provide a range of self adhesive labels printed on various types of self adhesive media to suit whatever your purpose is, whether it be waterproof labels, event stickers or personal whisky labels, our cutting machine allows us to offer you stickers of any shape you can imagine. Our stickers are produced in sheets not reels, so we are only limited to the size of an A3 sheet. Prices are based on the size of the sticker and how many we can fit on a sheet. Prices listed here show basic costs for standard shapes on our standard coated self adhesive paper. If you need a bespoke shape just let us know and we will be happy to quote.

Copies		Copies		Copies	
1	£5.00	2-10	£3.50	11-50	£2.00

Logo Design

We have 4 in-house designers all experienced with logo design. We will sit with you and discuss what you are looking for from a logo or brand. Take your brief and create 2 or 3 options, we will then tweak and amend until you are happy with your finished logo. Getting a professional company to design a logo means there will be no chance your artwork will be just another generic computer generated design that thousands of others have too. Make sure your logo is as unique as you are!

£75

includes digital files of the logo + 200 FREE business cards

Tickets

Tickets can help event planners ensure attendee numbers are kept to the correct level. Helping to prevent ‘gatecrashers’ from gaining entry to your event. Printed on 350gsm smooth white card in full colour. You can supply your own artwork or give our team a brief of what you would like and we’ll design your unique ticket. Numbering is optional - just add £5 if you would like this feature.

Wedding Stationery

Wedding Invitations

The invitations for your special day should be as individual as you are, to that end we don't offer a set range of wedding stationery designs. We much prefer to offer a bespoke service and create designs that suit you and your theme for your dream day. Weddings can be expensive and we understand that many people may not have a huge budget for stationery, JJR Print offer invites for all budgets from classically simple cards to the lavishly extravagant. As we offer such a varied range of print and finishing options for your invitations it would be impossible to list them all here in this small catalogue. Please call, pop in or email to discuss your wedding stationery requirements and our team will be delighted to discuss how we can help.

Our designers will meet with you, take your thoughts and ideas and turn them into your own individual design. Our team will guide you with advice and helpful tips on what we can offer to make your stationery the best it can be. Prices shown here are for our most common sizes. Prices for invitations include the cost of standard size white envelopes.

We have also listed a range of our most popular finishing options and embellishments.

Add Foiling and Laminating

Add a bit of class to your invitations and stationery, foiled embellishments are ideal to upgrade your invites.

For extra costs involved in adding foil colours just ask.

Foil colours:

Perhaps you have purchased your design from an online company like Etsy, just drop the file into us and we'll do the rest.

Wedding Order of Service

Once you have your invitations all sorted and sent, it's time to focus on the stationery you will need on your big day. We can provide matching order of service, place cards, table cards, seating plans and welcome signs.

Our orders of service are printed on smooth white 350gsm card. If you opt for our 8 page versions we add a 100gsm smooth white wove sheet to the inner.

4 pages x A5						8 pages x A5				
	50	75	100	150	200	50	75	100	150	200
	£69	£73	£78	£88	£97	£104	£112	£120	£136	£152

No V.A.T. on this item. Price with basic design.

Miniatures Labels

We are able to create fabulous personalised miniature labels for whisky, vodka or gin for use as favours for your guests. They are a great addition to your table presentation. Our designers will create your labels to suit the size and shape of your miniature bottles.

£45 for 100

**Price includes V.A.T. and design.
(Bottles not included)**

Seating Plan / Welcome Boards

Our welcome signs are a nice touch to greet your guests as they arrive at your venue, these are designed to match your invitations and keep your design theme through all your stationery. Always best to let your guests know where they will be sitting for their meal! We'll take care of that with a beautiful seating plan.

For pricing and sizes please refer to page 18

Table Names/Numbers & Place Cards

Our table name cards are printed to match the style of your invitations. Printed both sides of a smooth white card. Personalised with your guests names our place cards are also printed on smooth white card, cut to size and creased ready for use on your tables. Please contact us for pricing for table name cards and place card sets.

Hospitality Supplies

Table Menus

First impressions are everything! Handing your guests a dog eared menu printed on flimsy paper off your home printer doesn't send out great vibes. Presenting your customers with a top quality, professionally designed and printed menu makes your establishment look good from the moment they sit down. Our menus are printed on 350gsm smooth white card and either gloss or matt laminated to finish.

Prices do not include V.A.T.

We also offer an alternative to our standard 350gsm card. NeverTear paper is made from a bright white polyester film. There's no need for lamination, you can spray it with disinfectant, direct to the menu and it's water resistant. Ideal for indoor or outdoor use. It's tearproof, impermeable to oils and grease and offers an antimicrobial coating to stop the growth of germs. Unfortunately, this paper is not ideal for folding, so is only available as a flat menu item.

For take-away menus please see page 14 for leaflet prices

Place Mats

Disposable place mats for restaurants are low-cost, time-saving solutions for eateries with high turnarounds. Utilise placemats as a recyclable, single-use menu or tray liner or transform tables into fun colouring experiences for children and adults alike. Printed on 100gsm wove paper, either one side only or on both sides.

These paper place mats can be used for a number of different things. Ideal for keeping children entertained while waiting for food to arrive, or some businesses use them as a menu or to offer seasonal messages or promotions.

Price does not include V.A.T. Basic design is included.

Server Order Pads

Great for restaurants, takeaways, bistros and grocery stores. Our order pads are printed on NCR paper that requires no extra carbon sheets to make duplicate copies. They come in A6 or DL size with 50 2-part sets per pad. Printed in one colour and numbered if required.

Allow your serving staff to take detailed orders from your diners ensuring important information isn't lost for the kitchen. The pads are fully customisable so you can have as much or as little information on them as you wish.

Number of pads	50	100	150	200	250

Basic design included. Price does not include V.A.T.

Door Handle Hangers

Door Hangers are the ideal way to deliver eye-catching, branded, corporate messages straight to the door of your guests. Our hangers are available in four styles to ensure your message really stands out.

Printed in full colour on a heavy board. Hangers are cost-effective and long-lasting. We can add lamination or foiling to make your door hanger really stand out, ask about options.

They can be used for all kinds of advertising and promotion, including hotel hangers, bin hangers, welcome door hangers, retail hangers, B & B door hangers and hospitality venues.

The perfect solution for traditional hotel and guest house door signage – as standard “Do Not Disturb” sign or “Please Clean My Room”.

Score Cards - Golf & Bowling Clubs

One of the most important tools for any player. The humble score card provides a medium to keep a record of a round or rink, provides information on the local rules, and may also include a course diagram to aid navigation. In addition, it projects the image of the club to both its members and visitors.

We have the expertise to create a visually stunning score card that captures the essence of your club.

Personalised Greaseproof

We specialise in producing top quality personalised greaseproof paper. Our paper is ideal for any catering application from top end restaurants to corner shop cafés. Develop your brand and make your product look the best it can. Our sheets are produced to suit the size you need, although we list standard sizes here, we can print or cut our paper to suit any size or shape you need. Our maximum sheet size is 500mm x 335mm. Our greaseproof is different from most you will find online, we offer precise register. This means that your image is printed in exactly the same in position on each sheet, a repeating pattern is nice but our unbelievable register and print quality allows us to create one off centred messaging or logos. Not everyone online can offer you this.

Our paper is 40gsm and super versatile. Use it for plate decoration, chip cone wraps, butter ramekin covers, burger wraps, sandwich wraps, pizza box liners - it can be used for anything!

Free artwork design on all greaseproof!

Artwork Specifications

Eight helpful tips to consider when creating artwork

1 Files should be supplied as:

.ai	Adobe Illustrator
.pdf	Portable Document Format
.indd	Adobe Indesign
.psd	Adobe Photoshop

Microsoft Office Packages

We can accept files saved through Microsoft Office packages (Word, Excel, Powerpoint, Publisher, etc), but there is important information for these file types in 'Office Hints & Tips' on page 47.

2 Setup

Files should be supplied one-to-view to the correct size with bleed (where applicable). Our size guide will help you supply the right dimensions.

3 Bleed

Please ensure 3mm of bleed all round the page. Look to our 'More Info' page for an explanation of bleed & its importance.

4 Margins

Please ensure that all text, logos, graphics, images etc are at least 5mm in from the edge of the finished page size.

5 Resolution

Resolution for print must be at least 300dpi (dots per inch). This ensures good quality output. 72dpi is for screen resolution only, pictures taken from the internet will generally be 72dpi.

6 Colour

Ensure artwork is converted to the CMYK colour space, unless you require Pantone PMS spot colours. (NO RGB) Convert to grayscale if your artwork is to be printed in black and white. Your artwork may not print properly if supplied in RGB. A hard copy of your job should be supplied so we

can ensure colours are matched as close to your expectation as possible. Colours printed using Ink Jet printers often produce 'brighter' results than when reproduced lithographically. Colours should never be compared to anything 'on-screen'.

7 Fonts & Links

All fonts must be converted to paths or outlines (where applicable) and images / logos etc. embedded within the file or supplied as links.

8 Layers

All layers must be flattened.

Important note:

All print ready artwork must be supplied in line with these specifications. Artwork received out-with these specifications may be subject to additional amendment charges. JJR Print Ltd cannot accept responsibility for print errors where artwork has been supplied incorrectly.

If you have any questions or need any further assistance in setting up your artwork, please do not hesitate to contact the studio on 01389 763765, or email your enquiry to info@jjrprint.co.uk

More Information

Bleed

Bleed is extra space around the outside of the printed area. If the background colour or image goes 'off the edge', 3mm of bleed must be added onto each edge of the artwork. The background image or colour should extend into this bleed area, but keep all important info/text/logos etc. out of this area as it is trimmed off when the page is cut down to the required size. Adding bleed ensures there will be no white area around the edge of the page.

Please have a look at the paper size chart that shows dimensions including bleed area of our most popular products. If you are still unsure, please call or email.

'Microsoft Office' Hints & Tips

'Microsoft Office' programs such as Word, Publisher, Powerpoint, Excel etc., are not commercial design & print packages. Files created in these packages will be converted to PDF or JPG for print and this conversion will generally generate unexpected results. A proof will always be supplied for you to check carefully for any changes in the document. All images/logos etc. must be sized properly within the file and all items out-with the artboard must be deleted.

This information is given as a guide only and JJR Print Ltd cannot be held responsible for any unexpected or unwanted results generated from files created in 'Office' packages.

Generally we find for best results it is necessary to 'recreate' your artwork using industry programmes, this may result in extra charges being incurred.

Resolution

All non-vector artwork should be supplied at a minimum of 300dpi (dots per inch). Artwork supplied lower than 300dpi may result in print appearing blurred, fuzzy or pixelated.

Fonts & Linked Files

All fonts must be embedded within the file, converted to paths or outlines or text layers flattened where applicable so that there are no font problems.

All photos, images, logos and graphics should be embedded or flattened in the finished files. If links are not embedded, this could cause images or logos to print at low resolution. Source files for linked images should be supplied if not embedded.

Paper Sizes

To make creating your own artwork a little easier we have compiled the paper size chart below which shows width and height in millimetres (mm) of the most popular sizes of our products and the overall size including bleed.

Size	Finished Size	Inc. Bleed
A0	841 x 1189	847 x 1195
A1	594 x 841	600 x 847
A2	420 x 594	426 x 600
A3	297 x 420	303 x 426
A4	210 x 297	216 x 303
A5	148.5 x 210	154.5 x 216
A6	105 x 148.5	111 x 154.5
A7	74 x 105	80 x 111
Business Card	55 x 85	61 x 91
Compliments Slip	99 x 210	105 x 216

What is Bleed?

Ink that prints beyond the trim edge of the page to ensure it extends to the edge of the page after trimming. As there is a degree of movement when printing on any press, you should always create 3mm bleed on all edges where bleed is needed. Supplying your job without bleed may result in white lines when we trim it.
